Private Property Damage

Do you own a private residence, small owner-operated business/farm or not-for profit organization within the Municipality of Machin or the surrounding unorganized townships which sustained damage related to the heavy rainfall of July 9th and 10th? Are you aware that the Province has a disaster program (Provincial Disaster Recovery Assistance for Ontarians)? We can provide more information about the program. Please contact the Municipal Office at 227-2633. Please contact your property insurance provider first.
